Director of Transportation

Dear Parent:

The Hurst-Eules-Bedford Independent School District provides bus transportation to and from school as a service for eligible students residing in the district. The State of Texas prescribes the conditions governing school bus operations, and partially funds the service by allotting the district a given amount for eligible students transported.

“Regular eligible pupil” means a student must live two (2) miles or more from the assigned school as measured by the shortest route that may be traveled, on roads commonly traveled by the public, from the student’s home to his or her school. The Transportation Department will allow students to ride the bus until eligibility can be verified. Ineligible students will be notified by the campus office as soon as possible after the start of the school year.

In order to provide safe transportation for your child, the Hurst-Eules-Bedford School District has adopted standard regulations and procedures for bus students. The regulations and procedures are outlined on the back of this letter for your information.
